

Inline Carbon Filter Cartridges

XIN10 and LCL10 Coconut shell Granular Activated Carbon (GAC) remove chlorine, organics, colour, objectionable tastes and odour from water. Offered in 1/4" female threaded and 1/4" QC (quick connect) style ends, these self-contained filters are installed in-line, eliminating the need for an additional housing.

Ideal for use as a polishing filter in a home point of use RO system, or as a stand-alone filter for refrigerators, coolers, coffee makers, or ice maker installations.

Xsential Inline filters reduce;

- Chlorine
- Bad Tastes & Odours
- Turbidity (Cloudy Water)
- Herbicides, Pesticides, & Insecticides
- Volatile Organic Chemicals (VOCs): Organic Chemicals that turn into vapour
- Eliminates the need for additional housings
- Free of surfactants, Binders and Adhesives

Part No.	Length x Dia.	Cartridge Size	Connector
TW33	10" x 2"	10" slimline	1/4" female
TW33Q	10" x 2"	10" slimline	1/4" OD
LCL10-M	10" x 3"	10" big diameter	1/4" female
LCL10-S	10" x 3"	10" big diameter (anti-scale)	1/4" female
