

XBB20-UV8G ULTRAVIOLET STERILISER

Our XBB20-UV8G ultraviolet System uses powerful ultraviolet (UV-C) light to kill up to 99% of harmful microorganisms like bacteria and viruses – without adding any chemicals.

It's a safe, clean, and eco-friendly way to treat drinking or process water. The system works instantly as water flows through, keeping the taste, smell, and clarity of your water unchanged.

Why choose UV?

Chemical-free

Easy to maintain

Fast and effective

Reliable and cost-efficient

Suitable for homes, businesses & industries

Ideal for both point-of-use and point-of-entry applications.
